- When your next wine club package is 'active' you will be able to adjust your selection. Under 'Club Memberships', you will see the yellow button 'Edit Wines'.
- When adjusting your selection, always **add wines in before you subtract** the wines you don't want - you must ensure there is always the minimum number of wines in your package (either 6 or 12).

You can select as many wines as you would like above the minimum quantity. Some wines will have restrictions on the maximum number able to be ordered – so we can service the whole wine club. If there is something specific you would like, but cannot get it to work inside the club selections, please email us – wineclub@billybuttonwines.com.au – or call/text 0447850060 and we will help you do this separately.

- Where applicable, you can choose to have your selection shipped immediately, instead of waiting for the official processing date – see the yellow button 'Ship it Now'
- You can always contact us and we will happily help you – email wineclub@billybuttonwines.com.au or call us on 0447850060.
